To Whom It May Concern:

This letter of recommendation is to certify that May Palmer performed at Goose Ridge Winery as part of our 2011 Summer Concert Series as well as a few intimate engagements at our tasting room in Woodinville.

We were so exceptionally happy with May's performance-the way she was able to captivate the audience was incredible and fun-filled. The energy May brings to her show commands attention and is absolutely second to none. And not only does her powerful voice bring the crowd to their knees but her playful humor keeps the audience begging for more!

In addition to her non-stop performance, we were impressed with the work she had put into promoting the performances beforehand via social media and email.

All in all, I would highly recommend May Palmer for any venue that is looking for a high-energy artist whose performance you are unlikely to forget!

Sincerely,

Nina Rogers
